

Mahindra Xylo

Getting more for a lot less

In these days of high costs the Mahindra Xylo comes as a breath of fresh air. One would be hard pressed to find a better value for money package today. The best thing about it is that it's a great overall package and excels in most areas.

Take Xylo's modern engine for example. The technologically advanced 2498cc **mEagle CRDe engine** produces **112 bhp** and features **dual point injection system** for class leading fuel efficiency. As a safety feature the Xylo is equipped with a **remote transponder based immobilizer**. Then there is the space and comfort quotient on which front it scores highly. The ample amounts of **luxurious space** in the cabin and the **flat bed front seats** mean comfortable long journeys. Further improving comfort is the **theatre style seating** for the passengers.

Xylo is also passenger friendly. For enjoying the meal on the move there are the **foldable snack trays** on the

seat back. Unlike most cars, the Xylo features **surround cool dual AC with individual ac vents** which cools the cabin quickly. It can also be your mobile office thanks to conveniently located **laptop charging points**. There's also the **under seat storage** for your valuables. One of the unique features of the Xylo is the **Digital Drive Assist System**. It shows a lot of information like distance to refuel, range, current selected gear, average speed, outside humidity and temperature among others.

Xylo is one of the safest vehicles around. Now you can also get **ABS** and **Airbags** in one of the best cars in the country. The **anti pinch power windows** are another remarkable safety feature as is the **individual headrest on every row** for whiplash protection. Parking the Xylo is a breeze too with the help of **Intellipark reverse assist system**. The Xylo is good not only on the inside but outside as well. The handsome styling is bound to get second glances.

Thanks to the aggressive design and **muscular wheel arches** it is one of the best looking cars in the market, further accentuated by the **large window area**. In the end all that can be said about the Mahindra Xylo is that it is the car to have whether it be the city or the highway.

It provides the **best bang for the buck** compared to the competition, namely the Toyota Innova, which is much more expensive in comparison to the **spacious & comfortable** Xylo.
